MonmouthCares Community Resource Development Funds
Background and Rationale, Fiscal Year 2022-2023

The NJ Children’s System of Care, Monmouth County, and MonmouthCares are interested in expanding services and programs for youth in the county with mental health, behavioral health, intellectual disabilities, substance use, and health needs. This one-time funding of $68,678.46 (less may be applied for) must be utilized in full by June 30, 2023 and will become unavailable to the awardee(s) after that date. Funding is to support new or existing activities or services through collaboration with community partners that reduces risks to child(ren) and youth well-being and promotes their safety, health, and connections at home and in the community. CRD funds are intended to support new or existing activities or services offered by community organizations that directly promote child and family wellbeing, safety, and health. These funds are not intended to purchase services directly for specific individuals or families and funds cannot be used to supplement contracted DCF services. CRD funds can also not be used to acquire or maintain fixed assists, such as land, buildings, vehicles, and equipment.

Applicants must commit to working in partnership with MonmouthCares, other system partners, and community-based resources. They must embody the values of the New Jersey Children’s System of Care.

There have been noted gaps and needs in quality, community-based behavioral health services through various system-wide surveys and needs assessments. MonmouthCares has reviewed recent county and state data, needs assessments, and local focus groups who have documented areas of need for our county. Applicants considering proposals for this funding must be able to tie their proposed services or activities to the needs sited in this RFP:

- Youth resiliency (7)
- Stigma for seeking treatment, substance use/mental health/culturally competent (2,3,5,11)
- Prevention Education with young children (11)
- Identity affirming spaces and services for transgender and LGBTQ+ youth, who have particularly high rates of suicide and self-harm (10, 17)
- Peer support programs for those w/ mental health needs and to reinforce academics (7, 10)
  - Online communities, not limited to social media, that promote healthy conversations about mental health (10)
- Summer programming (1)
- Services for Intellectual / Developmentally Disabled youth, especially in languages other than English. (1,3)
  - After school programs for the I/DD population (14)
- Community-based Social Skills programming (14, 15)
- Outpatient Services accepting Medicaid (Counseling, Intensive Outpatient, Partial Hospitalization Program, Groups, Medication Management) (1,3,15)
  - Mental health services for youth in Spanish and Portuguese (3, 14, 15)
- Transition to adulthood including youth housing, employment, and training opportunities (3,9,11,15)
- Transportation to services (specifically western and southern areas where services lack) (1,3,9,11,15)
- Community based mentoring programs (14)
- After-school programming (14)
- Clinicians with Eye Movement Destabilization and Reprocessing and Trauma- Focused Cognitive Behavioral Therapy certifications that accept Medicaid (14)
• Programming for youth regarding self-care and how to take care of their own mental health, including time management, and how to maintain balance with school requirements and life (16)

The pandemic has highlighted ongoing needs that existed before the pandemic, but it also brought attention to the forefront of other needs families across our county experience:

• BIPOC communities have been disproportionately affected by the pandemic (10)
• Social isolation due to physically not being in school and social distancing (1,7,10)
• Domestic Violence increased 65% (3,4)
• Students are faced with challenges returning from virtual instruction (8)
• Learning loss due to not being in school (7)
• Young people are facing fatigue due to the pandemic and the use of online conferencing that replaced in person services (7)
• Undocumented people’s mental and physical health and their access to services (11)
• Interpretation and translator services that can be utilized when a family is connected to a service but cannot access it due to language barriers (14,15)
• Suicide Prevention (1,7,10,11)
• Self-care for youth and families (8)
• Programs that integrate and normalize social-emotional learning and mental health self-care through all activities (such as sports and clubs). (10)

Needs related to substance use:

• Parental education on substance use disorders, warning signs, treatment and support for those in recovery (5,6)
• Alcohol, Marijuana, Heroin, Tobacco and Electronic Nicotine Delivery Devices, prescription medication all identified as priorities for prevention, education, and treatment (6,7,9)
• Increased screening for substance use among youth and adolescents (2)
• Anti-stigma resources for substance use that are culturally competent (2,3,5,11)
• In-patient substance use services that accept Medicaid (3)

Needs relating to juvenile justice:

• Delinquency prevention programs specifically in Asbury Park, Neptune Twp, Ocean Township, Long Branch, Eatontown, Freehold Township, Howell Twp, Middletown Twp, Holmdel Township, Wall Township (9)
• Programming and resources for Gang prevention and escape (1,11)

Needs related to caregivers:

• Parent education regarding services and treatment available (11)
• Stigma for seeking treatment, substance use/mental health/culturally competent (2,3,5,11)
• Prevention programs that teach parenting skills that promote peaceful alternatives to conflict resolutions (3,9)
• Community education on ACES and the impact on substance use and mental health (5,9)
• Affordable programs before/after school and in the evenings (1,3,7,11)
Needs related to education:

- Caregiving issues related to youth not being physically in school and managing virtual education (7)
- School avoidance and truancy (9)
- Mental Health training for teachers and other school support staff (18)

Needs related to physical health:

- Eating disorders have seen a significant rise since the beginning of the pandemic (13)
- Nutritionists/Dietitians and other nutrition education services that have bi-lingual staff and the capacity to render culturally competent services for various populations (14)
- Dentistry services for youth with intellectual and developmental disabilities (14)
- Medicaid funded specialty services such as Gastrointestinal, Endocrinology, and other related services (14)

All applicants must demonstrate the ability to manage the finances and implement the services/supports proposed in their application. Applicants must agree to submit comprehensive reports as dictated by the Children’s System of Care in the fiscal year the funding is year applied for:

- Program performance reports including level of service, outcomes, and quantifiable deliverables
- Expenditure Reports that include:
  - Detailed submission of all documents that substantiate funding use (receipts, time logs, invoices, mileage, etc.)
MonmouthCares will be hosting two public Grant Overview sessions where interested parties will be able to ask questions and receive information regarding the scope, implementation, and requirements of the grant. Attendance is not required but is strongly encouraged:

- March 9th 10:00am
  - https://us02web.zoom.us/j/89336089386?pwd=UkZsU1Z4RXlJQTlrWIQyb2dER1FDZz09
- March 9th 5:00pm
  - https://us02web.zoom.us/j/86786173256?pwd=eE02d0NYbkVlc3NlNlRvU0xDWWdRZz09
- Password for each of these meetings is “CSOC”

All applications will be reviewed and scored via a panel consisting of the MonmouthCares’ Director of Community Relations and Resource Development, various MonmouthCares’ Board Members, local Children’s System of Care Partners, and executive team members of the Monmouth County Children’s Interagency Coordinating Council (CIACC).

- All proposals are due 12:00pm, Friday, April 1st, 2022, and must be submitted electronically to cmajczan@monmouthcares.org. Late proposals will not be accepted.
- The anticipated implementation date for awarded proposals is July 1st, 2022.
- All awards are contingent on the sufficiency and availability of state funding.

Please see the attached application and direct any questions you may have to my attention.

Thank You,
